*If none of the resulting email addresses is yours, stop here and [contact a Boettcher Foundation staff member for help](#). You *should not* proceed with creating a new profile. If the email address that appears in the results was yours but is no longer a valid email (i.e. it's your old high school email account that you do not use now) you can still claim the profile with that old email address and then update the Primary email address on your profile.

- Create a new password for your profile, confirm it, check the box for Terms & Conditions, then click SIGN UP. You should land right in your profile which will be in EDIT mode:

The screenshot shows the 'Edit Profile' interface for a user named 'Testo Testerson '11'. The page is divided into several sections:

- Header:** Boettcher Foundation logo and navigation links (Connect, Groups, Events, Opportunities, Resources, Q).
- User Info:** Profile picture placeholder and name 'Testo Testerson '11' with an 'Edit Name' link.
- Buttons:** 'SAVE CHANGES' and 'CANCEL' buttons in the top right.
- Contact Information:** Fields for 'Select timezone' (set to '(GMT-06:00) America, Denver (Mountain Time)'), 'Email' (testotestersonb2023@gmail.com) with a 'Change' link, 'Secondary Email', and 'Mobile Phone' (555-111-1234).
- Privacy Settings:** Toggle switches for 'PRIVATE' and 'PUBLIC'.
- Resume Section:** 'My Resume' placeholder with 'No file chosen' and an 'UPLOAD RESUME' button.
- Other Options:** 'NOTIFICATION SETTINGS' and 'RESET PASSWORD' buttons.

You can update your primary email address, if needed, by clicking the “Change” icon. Add a secondary email address if you wish. Mobile and home/permanent phone numbers are a good idea. Each email and phone number field can be set to Public or Private.

Upload your photo, add a short bio (“About me”) and other details that you’d like to share with the Boettcher Community. You can also add links to your social media accounts.
